

Care Design: Value Beyond the Visit

2-Part Webinar Series • Thursday, September 21 & 28, 2017 • 1:00 pm—2:30 pm CST

This 2-part webinar series, presented by Dee Kornetti and Cindy Krafft, will motivate your management team and direct care staff to “think outside the box” while promoting care re-design in your agency. Kornetti and Krafft will provide a solid foundation, real life examples and practical strategies while integrating value-based purchasing, bundled payments, and new care delivery models into your day-to-day practices. Learn how to think outside the traditional home care model to re-evaluate how care can be provided while ensuring clinical decision-making **and** documentation to support services as absolutely skilled, reasonable and necessary. In addition, take away tips to enhance your ability to prove your value with care partners across the continuum.

All members of the multidisciplinary team including senior management should participate in these webinars!

Presenters: **Cindy Krafft, PT, MS, HCS-O** brings more than 20 years of home health expertise that ranges from direct patient care to operational/management issues as well as a passion for understanding regulations. For the past 15 years, Cindy has been a nationally recognized educator in the areas of documentation, regulation, therapy utilization and OASIS. Cindy has been involved at the senior leadership level for the HH Section of the American Physical Therapy Association for more than 10 years.

Dee Kornetti, PT for 30 years, is a past administrator and co-owner of a Medicare-certified home health agency. Dee now provides training and education to home health industry providers through a consulting business, Kornetti & Krafft Health Care Solutions, with her business partners Cindy Krafft & Sherry Teague, where she serves as its CEO. Dee is a nationally recognized speaker in the areas of home care, standardized tests and measures in the field of physical therapy, therapy training and staff development, including OASIS, coding and documentation, in the home health arena.
