

# Why Staff Leave & How to Keep/Attract Them

Webinar & Audio Recording • Tuesday, January 23, 2018 • 10:30 am—12:00 pm CST

Employers face major challenges when they consider the increasing difficulty of finding skilled people, a younger workforce with different attitudes about work, and a growing population of older workers heading toward retirement.

Workforce challenges are among the top concerns for healthcare executives these days. Organizations that are successful with retaining staff will see much higher levels of success than those who struggle with retention.

At the conclusion of this session the learner will have knowledge of clear retention strategies that can be implemented right away and receive information on how to work with millennials.

**Presenter:** **Eric Scharber** is a Principal at Simione Healthcare Consultants, leading all talent acquisition and employee retention efforts for the home care and hospice industry through Exact Recruiting, a Simione Talent Solution. He oversees executive search and non-executive recruiting services, as well as employee satisfaction survey services.
