BJC Home Care Services provides professional medical and personal services to patients in the comfort and security of their homes. Serving more than 25 counties in Missouri and Illinois, it has become the largest home care network in the region and one of the largest in the country. BJC Home Care Services offers patients and their families a complete range of home care services, including skilled nursing services, adult and pediatric hospice and palliative home care, rehabilitation therapy, home infusion therapy, infusion treatment rooms and home medical equipment. Specialty programs are also available, including cardiac, diabetes, pulmonary, orthopedic and wound care programs as well as the Lifeline medical alert service.
