2009 Home Health Agency Annual Report Data ORDER FORM

Home health agencies in Missouri must provide annually certain information to the Unit of Home Care and Rehabilitative Standards of the Missouri Department of Health and Senior Services. Missouri Alliance for Home Care's Annual Report Data Book and Disk are compiled based on that information provided by home health agencies.

THE BOOK – The Home Health Agency Annual Report Book does not compare agencies to one another; rather, each page is organized alphabetically by agency. This data provides a valuable tool for home care providers to evaluate services, patient populations and identify growth opportunities.

ELECTRONIC FILES or EMAIL ATTACHMENT – These files provide you with access to the data to sort, compare and analyze in any way (i.e., visit ratio comparison of for-profit versus not-for-profit agencies in various areas of the state; visits per admission benchmarks, etc.). This is a great way to access information on market share by county or diagnosis information.
