1 nursing contact hour

About This Series

OASIS items, diagnosis codes, interventions on the plan of care, best practices to improve quality measures and then auditing to assure everything is really done . . . Putting all of that together is a challenge for home care clinicians and managers. Join Teresa Northcutt to learn strategies, tips and tools to coordinate approaches for pain control, wound care and plan of care and intervention synopsis. Plus she will demonstrate how continuous quality improvement practices can be built into your plan.

TEACHING OBJECTIVES for each conference:

In addressing each of the featured topics, Teresa will include:

- ◆ A review of most current guidance for the related OASIS topic items
- ◆ Diagnosis coding considerations for related topic
- ◆ Interventions (best practice resources, tools, etc)
- ◆ Plan of Care orders and goals
- ◆ Audit tools to assure that best practices have been included
