

OASIS-C is one of home health's biggest challenges and collections are vital to your operations. Join us for our "Show Me the Money" teleconference series and hear from an expert in home health and hospice billing and finance. It's a great way to train your staff to maximize your agency's potential.

Presenter: Melinda Gaboury, COS-C
Healthcare Provider Solutions, Nashville, TN

Financial Management Aspects of OASIS-C
April 29, 2011
10:00 - 11:30 a.m. - Central Time

Agencies struggle with grasping the financial and management aspects of OASIS-C. Financial staff as well as clinical staff will benefit from this session addressing the effect OASIS-C has on case-mix weight, financial calculations, quality reporting, eventual Pay for Performance and the day to day management of the agency. This session will review the detail of the HHRG calculation with emphasis on the recalculation of final claim payment for therapies, and will provide a review of the possible rate cuts ahead and revamping of case-mix structure.

Maximizing Collection Efforts:
Home Health & Hospice
May 12, 2011
10:00 - 11:30 a.m. - Central Time

Collections are of vital importance. This session will give a detailed review of the collector's role in the agency. Job descriptions and skills needed by a collector and the amount of time that should be spent on collections are just a few topics to be discussed. Primary topics will be discussed for effective collections: follow-up, timely filing, contracts/rates, authorizations and appeals processes and monthly reports that should be prepared and evaluated.

Continuing Education: MO Alliance for Home Care is an approved provider of continuing nursing education by the MO Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Participants will earn a maximum of 1.5 nursing contact hours for each teleconference.
