

Home Health Nursing Coordinator

North Kansas City Hospital offers you the opportunity to work in a nationally-ranked facility where you can provide hope and healing to every life you touch. Here, we value your talents, your creativity and your commitment to improving the health of our growing community. We are seeking a Home Health Coordinator for our growing Home Health agency.

Under the direction of the Clinical Supervisor, you will be responsible for the day to day operation of clinical services.

You must be an RN with current Missouri licensure and at least 2 years' acute care experience and 2-3 years in home health care. Must be CPR certified.

North Kansas City Hospital provides a competitive salary and benefits package. Apply online at www.nkch.org. EOE
