

Resolve common medical issues without missing work.

Fact: Employees miss an average of 4 hours of work for a typical doctor's appointment.

With \$0 telehealth visits included in this program, you can get the quality care you and your family deserve anytime, anywhere in the U.S.

Service Spotlight: Patient Advocacy

Healthcare is becoming more more complex and often times requires specialized knowledge to navigate the system.

Patient advocates are available to assist you through the process and help you make informed decisions.

They can locate doctors, specialists, hospitals, dentists, pharmacies and more on your behalf.

Patient advocates are like having your own personal health advisor that walks you through complicated times.
